G - Thanks for the access agreement. Yes, the meeting is exclusively Aerovox, too much of a brain dump. I'll need the morning to spend time on the Phase III report but let me know when we can briefly catch up. I was planning on talking with Hoshaiyah at 10:00 but will reschedule.

3. Let's talk in the morning on agenda. The only purpose of tomorrow's meeting is AVX so we will not be discussing RAC or Lally report. We will discuss IRA Mod efforts, Phase III and consider our next steps

Maybe we should get some first thoughts on the Phase III from Steve, Mike and Robert for tomorrow's meeting although unlikely that they have had a chance. I can see if they have any?

Here's a quick brain dump on agenda items for your consideration:

- Length of time for pilot studies/uncertainties in schedule
